Meeting Minutes

Subject:	Meeting with Krishna Ragil from Haemograph
Group name/ identifier	Group 24
Meeting Location, Date & Time	Online on Microsoft Teams Date – 20 August 2026, Time – 12:00 pm to 1:00 pm
Group members present	Jianhao Zhang, Ria Mishra, Rohan Roy Mathew, Xingcan Wang, Xuan Zhang
Apologies	

1 Actions from previous meetings

Task	**Who is responsible**	**Deadline**
Review selected research papers and relevant methods	Team	Completed
Explore preprocessing methods for rheological data	Team	Ongoing
Investigate wavelet-based analysis approaches	Team	Ongoing

2 Items discussed and decisions made

Item	**Decision (if applicable)**
Wavelet analysis progress	We discussed the current wavelet results and how they can be better interpreted
Wavelet energy distribution	We will explore energy distributions across different wavelet bands and experimental conditions
Physics model comparison	We discussed comparing wavelet results with relevant physical or rheological quantities from the physics model
Different experimental protocols	We will explore whether different tests provide complementary information at different scales or frequencies
Preprocessing and feature engineering	We will further explore preprocessing methods and useful features for the rheological data
Model and dataset	We reviewed the model inputs, parameters, preprocessing steps, and the dataset from the selected paper

3 Agreed actions from this meeting

Task	**Who is responsible**	**Deadline**
Explore preprocessing methods and compare their effects	Team	Before next meeting
Continue wavelet analysis and investigate energy distribution	Team	Before next meeting
Compare results across different experimental protocols	Team	Ongoing
Prepare progress for presentation and discussion	Team	Before next meeting
